INTERNATIONAL WINE&SPIRITS AWARDS

A prestigious international competition for wines and spirits from all around the world. The aim of the competition is to promote wine and spirits quality and boost the sales of the wines and sparkling wines entered.

An international jury delivers an independent, neutral and expert verdict on the wines, thereby guaranteeing that the competition is both fair and professional.

Supported by Association of Sommeliers of Ukraine.

The Competition runs a structured and rigorous two-stage judging process, first using the 'double blind' judging method, meaning samples are presented in flights of numbered glasses to avoid the possibility of judges being influenced by the shape, weight, packaging or crest of a particular bottle.
